

ATS (Aviation Technical Services) specializes in making the MRO process better through reducing span times, increasing mechanic efficiency, and lowering overall costs through maintenance prevention strategies including targeted delivery of PMA parts and STC offerings. Our Component Repair unit focuses on servicing and providing rotatable exchange options for accessories, composites, electrical and fuel components, flight control surfaces, hydraulics, pneumatics and structures.

ATS is a recognized industry leader in the repair of Engine Mount Assemblies which help attach the engine to the strut/pylon/wing.

CUSTOMER BENEFITS

- Possess multiple DERs for subcomponents on the Boeing NG and MAX, leading to reduced cost and turn times
- Rotable pools available for pins, further lowering cost and turn times
- On-site grinding, milling and turning machining to service all requirements, limiting reliance on external resources

ATA CHAPTER

Chapter 71

PART NUMBERS

Boeing 737NG

Forward Assembly: 310A2020-5 -10 -11 -12

Aft Assembly: 310A2030-11 -12 -15 -16 -17 -19

Auxiliary Parts: Thrust Links 310A2041-9 -10 (sub to aft)

Boeing MAX

Forward Assembly: 310A6500-1

Aft Assembly: 310A6600-1 and -4

Auxiliary Parts: Thrust Links 310A6700-1 -2 -5 -6

AIRCRAFT APPLICATION

Boeing 737 NG and MAX
